

Service Highlight

FAX-A-TAXSM

What is it?

FAX-A-TAX is a part of PDP Tax Service's e-file and transmission suite of services. Once registered with PDP Tax Service, professional tax preparers complete individual or business federal and/or state tax returns and forward those returns to PDP Tax via fax, mail, or e-mail. The PDP Tax staff processes the returns using secure software and systems, checking the preparer's work for math errors and typos before electronically transmit the returns to the IRS and state taxing authorities.

State Returns Processed in 2015, 2016, and 2017*
